

*“Marcia has a great rapport with her patients, and enjoys helping athletes with injuries, as well as older patients.”*

— Chris Leck, CEO

## Marcia St. Goddard

PT, DPT, CSCS, Cert. DN

University of Montana - 2011

Marcia completed her Doctorate degree in physical therapy at The University of Montana in 2011. She has over 6 years of manual therapy skills and functional movement exercise training, with additional certificates including NSCA Certified Strength and Conditioning Specialist (CSCS), Selective Functional Movement Assessment (SFMA), and Functional Movement Screen Certified Professional (FMS). She has completed numerous courses in the management of orthopedics, sports medicine and spinal conditions, with professional interests in post-surgical rehabilitation, injury prevention and performance enhancement. Marcia has worked with many professional, college and high school athletes.

Marcia enjoys CrossFit and has also completed more than 2 dozen 10Ks and a handful of half marathons. When she's not helping her patients move and feel better, she can be found playing outside in the Polson community with her two daughters.

**To schedule an appointment with Marcia, contact our Polson Clinic.**
